SUMMARY

I'm a Front-End Developer passionate about crafting clean, responsive and visually engaging web applications. With hands-on experience in HTML, CSS, JavaScript, TypeScript, React.js and Next.js, I focus on building solutions that not only look great but also deliver seamless user experiences. I enjoy collaborating with cross-functional teams to tackle challenges, streamline workflows and implement efficient API integrations. My work has consistently enhanced user engagement and project outcomes, with a focus on performance optimization and practical UI/UX design. I'm excited about creating impactful digital solutions in innovative tech environments

SKILLS

- **Frontend Development:** HTML, CSS, JavaScript, TypeScript, React.js, Next.js

- Collaborated with backend teams to ensure seamless UI and API integration, boosting data consistency by 30%.
- Authored clean, maintainable code that improved website performance by 15%.
- Conducted thorough testing and debugging, significantly reducing bugs and enhancing the user experience.

WEB DEVELOPER

Toshconsult Technologies Inc. (April 2023 – October 2023).

Collaborated on the design and development of efficient processes to enhance the production and functionality of digital solutions and web applications.

- Optimized project workflows and collaborated with cross-functional teams, increasing efficiency by 25%.
- Enhanced user engagement by 30% through responsive, visually compelling web designs using HTML, CSS, and JavaScript.
- Standardized UI across projects using Bootstrap and Tailwind CSS, improving design consistency by 20%.

- Boosted website performance with React.js, contributing to a 35% increase in user satisfaction and site responsiveness.

EDUCATION

Bachelor of Science (BSc) Computer Science (2026)
Al-Hikmah University

Bachelor of Science in Mathematics Education (December 2015 – August 2021).
University of Ilorin, Kwara State.

PROJECTS

AINAMEIT.COM

- Co-founded a SaaS Ai tool that generates unique names, matches domains and creates personalized taglines for entrepreneurs, brands and creators.
- Played a key role in developing the brand's core offerings and marketing strategies, driving growth and customer engagement.

PERSONAL PORTFOLIO

- Developed a personal portfolio at (https://abdulqudusajape.vercel.app/), showcasing skills, projects and a professional journey with a modern design.

TULUPAY DOCUMENTATION WEBSITE

- Built the documentation website for Tulupay (docs.tulupay.com), improving user-friendliness and accessibility for developers integrating payment solutions.

PURSE BY TULUPAY

- Contributed to Purse (purse.tulupay.com), a SaaS platform for managing fiat currencies.
- Designed a responsive admin interface, enhancing operational efficiency.

KEY ACHIEVEMENTS

- Boosted Engagement: Increased user engagement by 30% through optimized frontend designs.

- Efficient Development: Reduced development time by 20% via reusable React components.
- Collaboration Success: Worked with cross-functional teams to deliver projects on time, ensuring seamless API integrations.
- Platform Launches: Successfully launched AiNameIt and developed platforms like Tulupay's documentation website and Purse admin dashboard.

STRENGTHS

- Problem-Solving: Skilled at analyzing challenges and implementing effective solutions.
- Collaboration: Strong team player with excellent communication skills.
- Adaptability: Quick learner, adept at mastering new technologies and frameworks.
- Attention to Detail: Delivers high-quality, polished work with minimal errors.
- Efficiency: Optimizes workflows and reduces development time.
- Innovation: Continuously seeks creative ways to improve processes and deliver impactful digital experiences.
